Schools.

Applied Science

The recent wonderful industrial development of the South and the rapid increase in the number of strong public high schools have created a growing demand for able young men, trained in science. In order to do her part towards supplying this demand, the University of Virginia has instituted the vocational degree of Bachelor of Science, with programs of courses expecially adapted to the needs of those preparing for the vocation of Practical Chemist, Physicist, Biologist or Geologist, or for that of teacher of science in high school or college.
